new

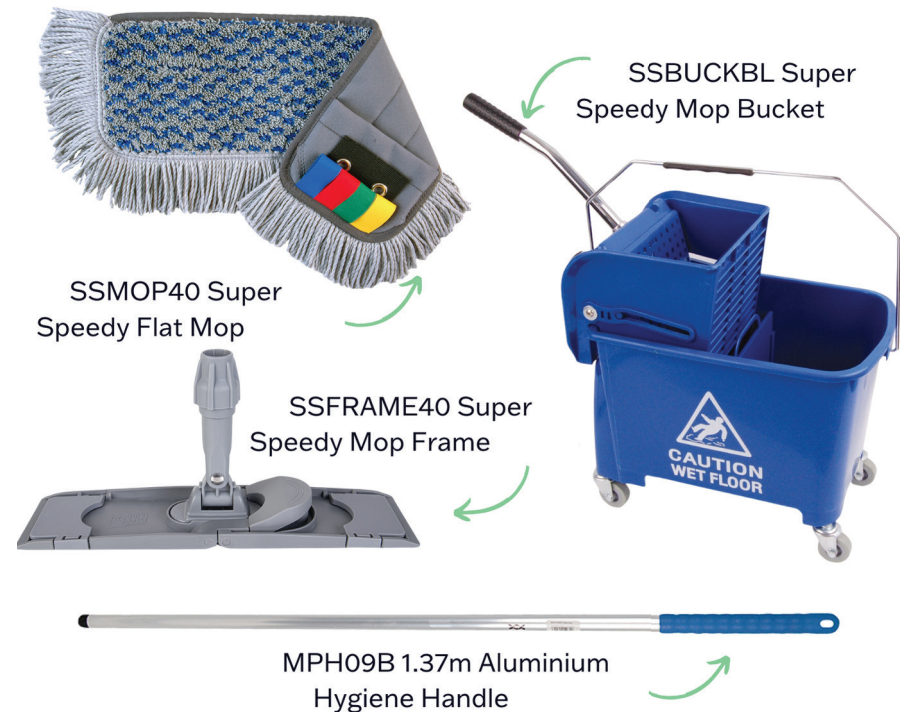

Control costs and eliminate waste.

The vMix range of controlled dose concentrates gives you all the cost effective cleaning power you need in one little package.

A single 1L bottle achieves a significant cost-per-use saving compared to standard 5 L bottle products, yet weighs less, is easier to store, handle and transport.

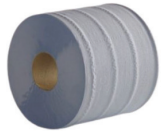

Most importantly, there is no chance of pouring money away through incorrect dosage, the dosing chamber ensures accurate dosing every time.

SUPER SPEEDY FLAT MOP SYSTEM

- ✓ Drastically reduces mopping time and improves cleaning productivity.
- ✓ Fast drying time for a quick cleaning turnaround.
- ✓ Microfibre mop attracts and holds dirt for effective cleaning.
- ✓ Mop heads are machine washable and reusable.
